Thursday, December 4th 2014

09:30 - 13:30 Technical visit and on-site working meetings (simultaneous)

Sustainability: Valdemingomez Technology Park (VTP), Madrid City Council

VTP develops innovative solutions for the implementation of the waste management life cycle in the City of Madrid at each of the stages: collection, treatment, recycling and exploitation. The visit will include a presentation of Madrid City Waste Management System followed by a bilateral dialogue and the technical visit to Valdemingomez Technology Park.

Transport: Multimodal Urban Transport, Madrid City Council and ADIF

Madrid multimodal stations serve as a gateway to Madrid allowing passengers from the outskirts to benefit from an on-site mobility change. EMT Control Centre (for urban land public transport) and Calle 30 Control Centre (for private vehicles) have the most advanced management technology. The visit will include a presentation of Madrid City Multimodal Transport System followed by a bilateral dialogue and the technical visit to EMT Control Centre, Calle 30 Control Centre, Atocha Railways Multimodal Station and Príncipe Pío Metro Multimodal Station.

14:00 - 15:30 Working lunch

Sustainability: Madrid Río

Transport: Indra R&D Centre
